

Week#5 LaTeX III

Assignment#6 (5 points)

1. Edit the EGCO template with your own senior project details. Report your results and codes including the followings parts: **(5 points in total)**
 - 1.1. Covers and Abstract (drafted, blank) *(1 points)*
 - 1.2. Chapter 1 Introduction: *(2 points)*
 - Background (included research gap & problem statement)
 - Objectives
 - Scopes
 - Performance Evaluation
 - Expected Results
 - Timeline
 - 1.3. Chapter 2 Literature Review (min 2 papers) *(2 points)*

Note: You can reuse your work from assignment LaTeX II to partially complete questions 1.2 and 1.3 (e.g., timeline and literature review)

Results (Screen Captures):
Your Code:

Bonus Question (2 points)

Introduce a new LaTeX function which has never been mentioned in this class, but you think it is useful. Explain what it is, how to use it with an example, results/outputs, and codes.

Note: Week#6 Academic Paper Presentation (5 mins + Q&A)

(3pts – Presentation, 2pts Progress Report#1 = 5 points in total)

Please get prepared to present a published academic paper of your choice in class. The followings are a checklist that you must cover in your presentation.

- 1) **A title, authors (e.g., "XXX_Name and et al."), and year of publication.**
- 2) **Main objective(s) and contribution(s)**
- 3) **Technical Methods**
- 4) *Data (if applicable)*
- 5) **Experiment/Performance evaluation approach**
- 6) **Key Findings**
- 7) **Conclusion and Future work**
